## WHAT WE DO

### Events

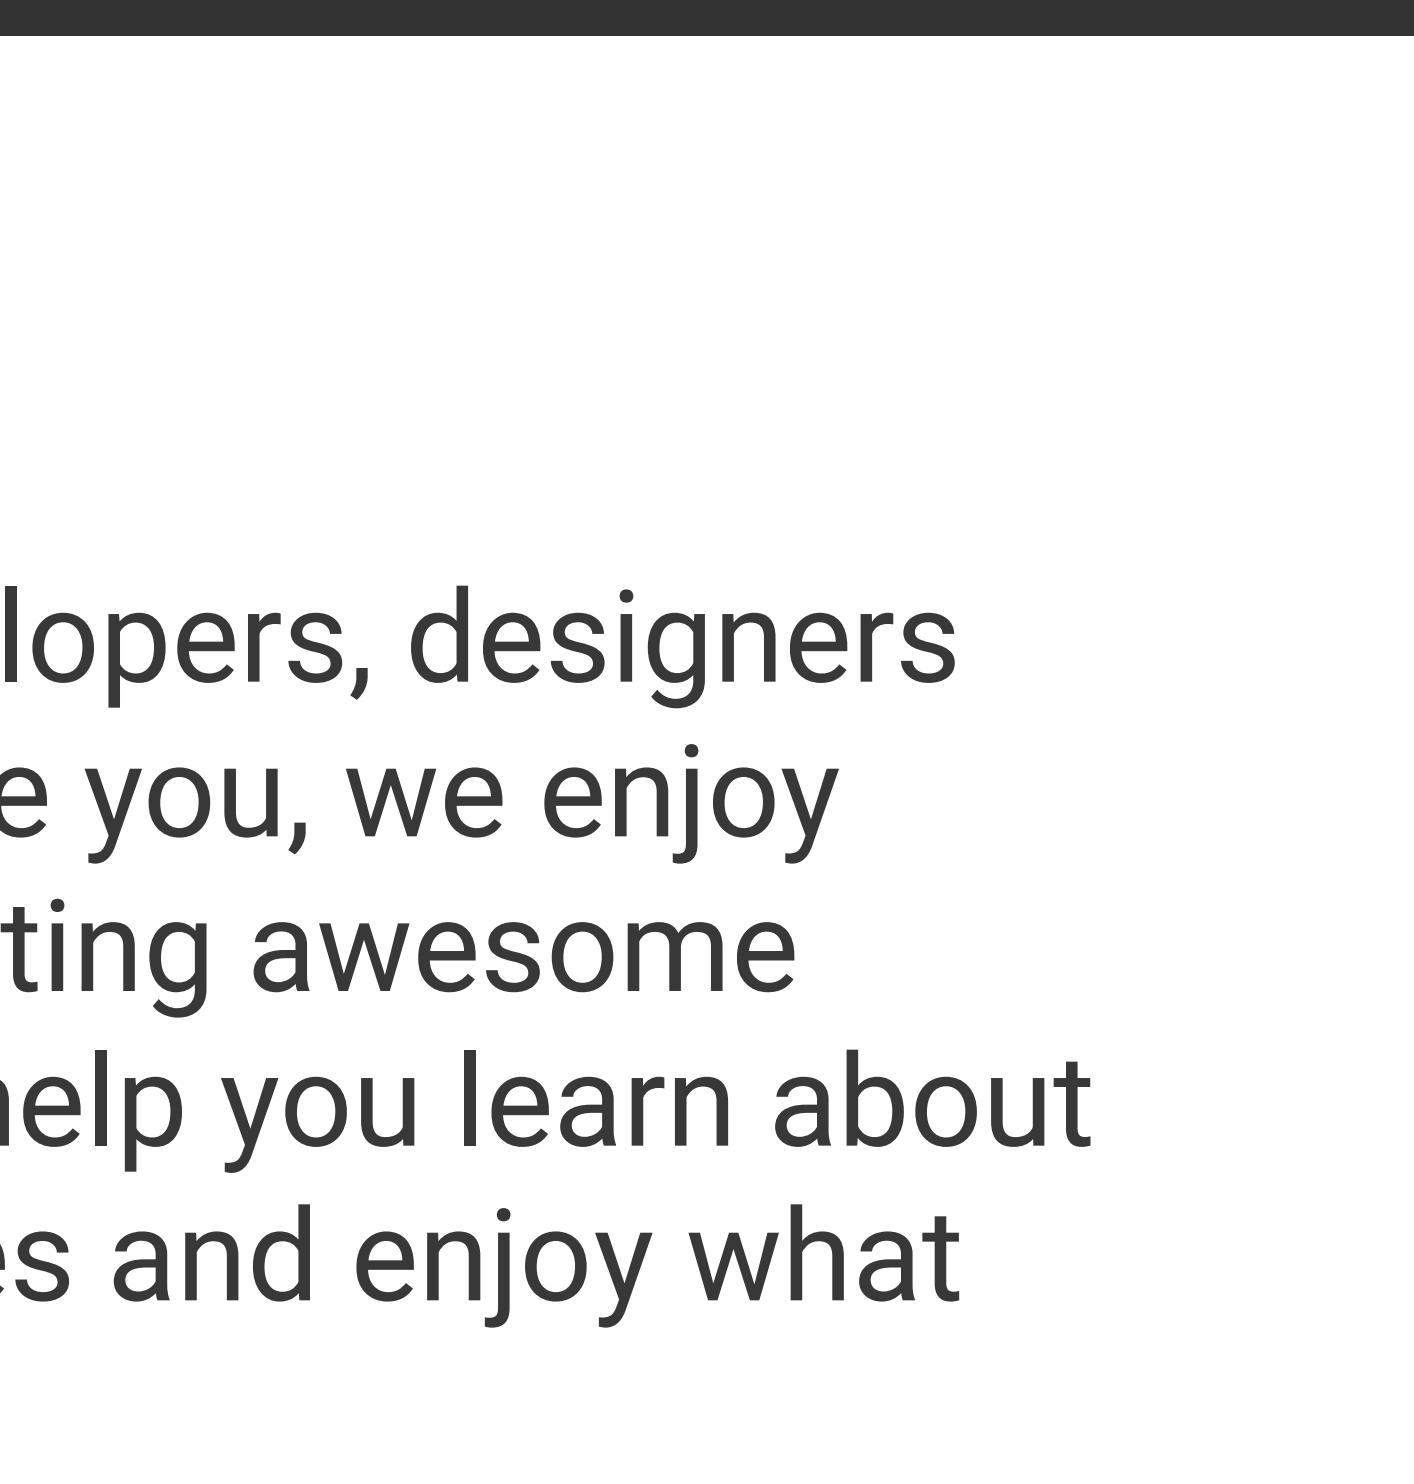

We organize many events where each, and every student that attends can walk away with learning something new or by making a new friend that can teach them something along the way

[SEE EVENTS](#)

### Software Development Club

We support software projects and provide knowledge from individuals who are passionate about teaching others

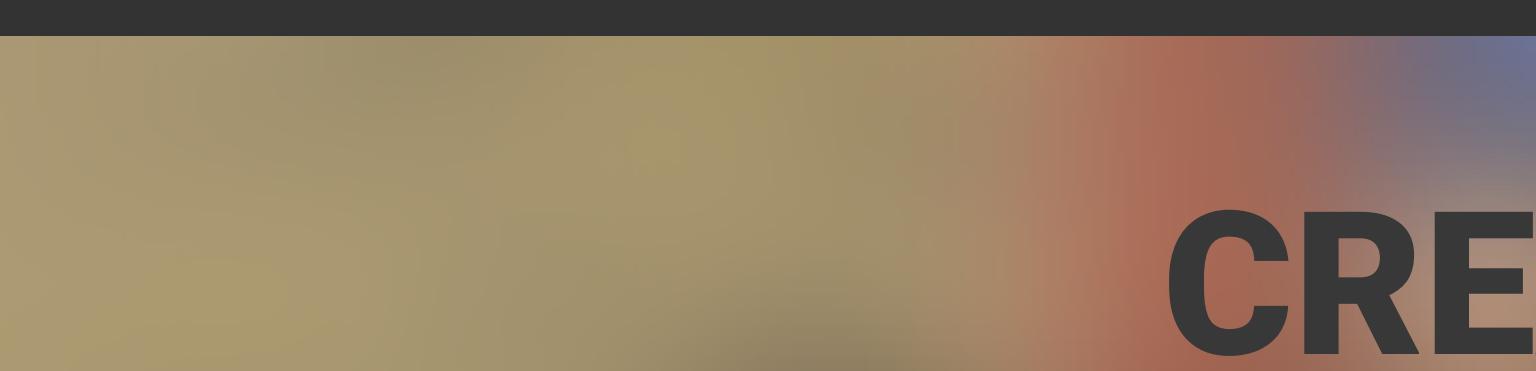

[SEE GROUPS](#)

### Our Team

We are practicing developers, designers and engineers. Just like you, we enjoy programming and creating awesome products. We want to help you learn about interesting technologies and enjoy what you are doing

## ABOUT US

As officers of the Texas Tech University ACM Chapter, we aim to always be there for you. Contact us with anything, or better: become an officer too!

## OUR PHILOSOPHY

We aim to provide excellent opportunities to students interested in computer science and its related fields. We design, code, share, and learn in an inclusive environment. From simple workshops to hackathons, we hope to make your time at Texas Tech the best possible.
